Next-generation NVIDIA graphics.

With faster graphics than ever, MacBook Pro brings high performance to everything from photos and videos to 3D games.

Up to 10 hours of battery life.

The battery in the 13-inch MacBook Pro lasts up to 10 hours (8-9 hours on the 15- and 17-inch models) on a single charge.

The genius of Multi-Touch

Now the entire trackpad is also the button, so it's clickable everywhere. And it offers even more Multi-Touch gestures and functionality.

Precision aluminum unibody enclosure.

From one solid piece of aluminum comes a MacBook Pro that's thin, light, and durable.

15-inch: 2.66GHz
